

Sponsorship Opportunities

Our general purpose is to promote the sport of Go Karting. Our club fosters strong family values. Kart racing builds strong minds, the ability to focus, and make decisions quickly. The physical skills that drivers develop are quick reflexes, precision car control, & strong bodies. At the end of the day we are a family sport which improves the lives of our youth and there's a feeling of accomplishment. Thank you for considering a sponsorship with the Central California Kart Racing Association.

CLASS SPONSORSHIP \$300.00
